ALDO BERNARD

IT Manager, Trentino Trasporti Esercizio S.p.A.

Aldo Bernard (1955) graduated in Physics at the University of Trento in 1980.

In 1981 he started to work as System Engineer in the several IBM seats in Milan, Verona e Trento, in medium and large size environments (Main Frame).

In 1993 he became Chief information officer of the Atesina, the Trentino local public transport company, and in 2002 he carried out the joining between Atesina and the TMR (Trento –Malè Railway), while in 2008 the splitting of Trentino trasporti company and Trentino trasporti esercizio companies.

In Trentino trasporti esercizio computer systems are developed in house with the result of less expensive costs and of a better punctuality of service.
