

SMART CITY SUMMIT 2012

Milano, Centro Congressi ABI, 2 Luglio 2012

Biografia Speaker

RYAN CASTILLOUX

Research Associate, Lux Research

As a Research Associate, Ryan is the content lead for Lux Research's innovation-driven coverage of Efficient Building Systems.

Ryan focuses specifically on equipment, systems and services that enable the energy efficient operation of buildings, with research areas covering emerging technologies, innovative companies and business models, competitive landscape and strategy, and government policy.

Before joining Lux Research, Ryan completed an International MBA program at the Rotterdam School of Management where he served as President of the Student Association Executive Board, leading a culturally and experientially diverse group of over 250 business professionals.

Prior to enrolling in one of the globe's leading business schools, Ryan worked as a geologist with leading diversified mining companies in Sudbury, Canada as well as the Canadian Arctic.

He worked at operating mines, developing mines, in the field conducting exploration, and also in a research capacity.

Ryan received his Bachelor of Science in Geology (with Honors) from Laurentian University in Canada, and his MBA (Finance) from the Rotterdam School of Management, Erasmus University in Rotterdam, The Netherlands.
