HILA MELLER

Head of Security Strategy EMEA, CA Technologies

Hila Meller leads the strategy efforts in EMEA for the Identity and Access Management business at CA Technologies. She is responsible for ensuring the company's products, services and partnerships help customers deliver online business in a secure manner. She leads initiatives focused on key verticals in EMEA such as financial services, telecommunications, public sector and others.

Hila joined CA Technologies on 2008, as part of the Eureka acquisition, where she acted as the VP sales EMEA, and managed sales, partners and channels in the region. Prior to that she worked for several years at Avnet Information Security in different executive roles among them- ERP Department Manager and VP of Products and Services. She is well known for being one of the first evangelists of ERP Security practices in the late 90's.

Hila brings unique international experience in the Security and Risk Management space. She worked in small start-ups and also in large corporations, services organizations and also software companies, in diverse territories and cultures. She has a bachelor degree in Mathematics and Computer Science from Bar Ilan university, and a Master in Business Administration specializing on High Tech companies from the Technion Institute. Her academic studies also include an innovation program in Fudan University, Shanghai.
