OUR ROOTS

INTRODUCTION

It all started with a handful of
brave men and a heavy copper
cable

A FEW NUMBERS

INTRODUCTION

PEOPLE

4.200

Training hours per year

130.000

Gas pipeline maintenance
remote control networks

12.000km

40

Operating offices

800+

ICT specialist certifications

28.000km

High and medium voltage
networks under
maintenance

Engineers and Technical
Specialists in the field of
Rail Transport

80

Turnover 2018

653M€

Low and medium voltage
cabins under maintenance

40.000

100

Teams involved in the security
of energy networks

4.200

Employees

40.000km

TLC copper network made

Digital Solutions and
technological plants Specialists

400

Interventions managed
every year

1.000.000+

Fiber optical networks
under maintenance

72.442km

3.300

Operational teams at the
service of tlc networks in
Italy

15

Railway stations managed by our
signalling product

YEARS OF HISTORY

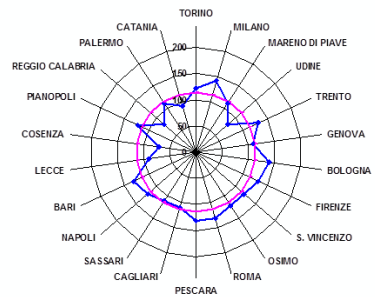

98

OPERATIONAL CAPABILITIES, QUALITY, SPEED AND CAPILLARITY

INTRODUCTION

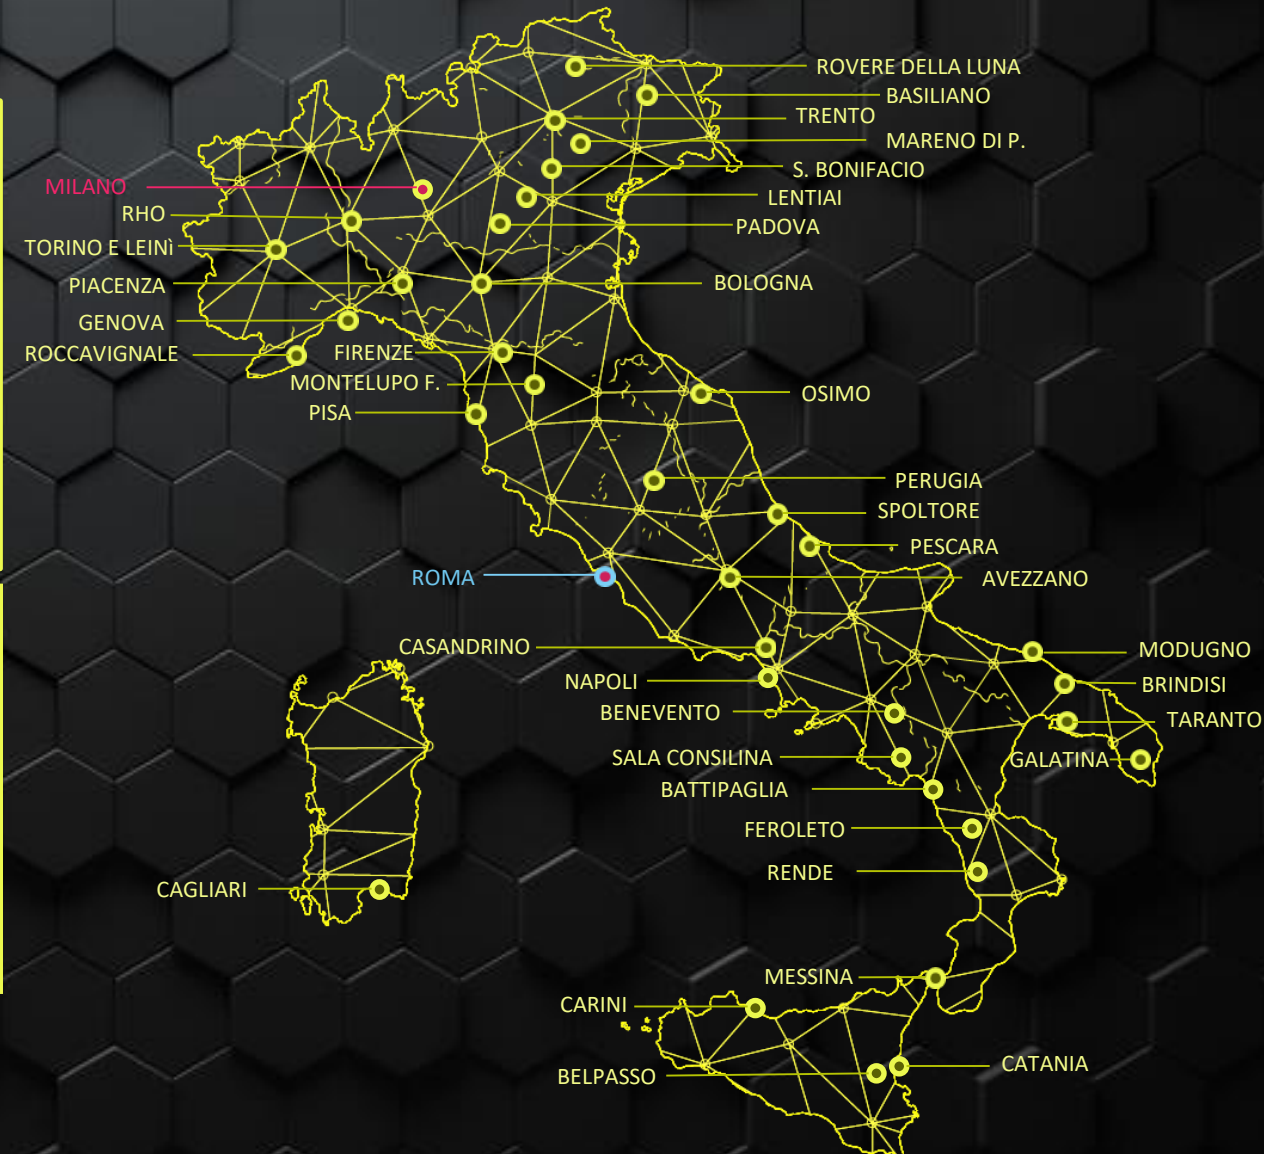

CAPILLARY PRESENCE

+ 6.000 interventions per day
To defend the strategic assets
of our country

Availability h24/7

Offices:	40 operating offices and warehouses
NOC:	2 Network Operations Centres h24/7 (Milano, Roma)
Field Force:	~3.300 operating technicians distributed in 40 locations
Data centres:	1 Data Centre (Pont-Saint-Martin)
